INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Surge for Water, Inc.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of

Surge for Water, Inc.
(a nonprofit organization)

which comprise the statement of financial position as of March 31, 2026, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Surge for Water, Inc. as of March 31, 2026, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Surge for Water, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Surge for Water, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are issued.

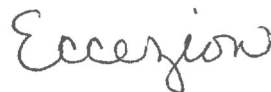

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Surge for Water, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Surge for Water, Inc.'s ability to continue as a going concern for a reasonable period of time

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

SURGE FOR WATER, INC.
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2026

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Surge for Water, Inc. (Organization), is an Illinois not-for-profit corporation formed in 2012. The Organization's purpose is to fund projects that provide access to safe water, sanitation, hygiene, and menstrual health; and to engage, educate, and strengthen communities around the world in an effort to end the cycle of poverty.

The Organization is supported primarily from private donors, sponsorships, fundraising and grants.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles (GAAP) and accordingly reflect all significant receivables, payables, and other liabilities.

Financial Statement Presentation

Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Net assets of the Organization and changes therein are classified and reported as follows:

Net Assets without Donor Restrictions - Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These assets may be used at the discretion of the Organization's management and the Board of Directors.

Net Assets with Donor Restrictions – Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Cash and Cash Equivalents

Cash and cash equivalents are considered to be cash on hand, checking accounts, savings accounts, money market accounts, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents are accounted for at cost, which equals market.

Investments

Investments in marketable equity securities with readily determinable fair values are stated at fair value. Equity securities without readily determinable fair values are stated at cost.

Revenue and Revenue Recognition

The Organization recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of beneficial interest is received. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities. Contributions Receivable are due in less than one year and management represents that such

NOTES TO FINANCIAL STATEMENTS (Continued)

amounts are 100% collectible; therefore, no allowance is provided in the financial statements. The Organization records special events revenue equal to the fair value of direct benefit to donors and contributions income for the excess received when the event takes place.

Accounts receivable is recorded net of an applicable allowance for credit losses. The Organization makes estimates of the un-collectability of its accounts receivable based on historical performance and projected trends. The Organization analyzes accounts receivable and historical bad debt levels, customer/grantor credit worthiness, and current economic trends when evaluating the adequacy of the allowance for credit losses.

In-Kind Contributions

In-kind contributions, if any, of property and equipment are recorded as contribution at the estimated fair values of the property contributed at the date of donation.

In-kind contributions of services are recognized as contributions if the services (a) create or enhance non-financial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would otherwise need to be purchased if not provided by donation. Many individuals volunteer their time and perform a variety of tasks that assist the Organization in carrying out their mission. However, these services do not meet the criteria for recognition as contributed services.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities and statement of functional expense. All direct expenses have been allocated to the respective function. Salaries and professional service costs are allocated based on the time spent on each activity. All other allowable general and administrative costs (costs that benefit all programs and cannot be identified to a specific program) are allocated to programs and management and general using a base that results in an equitable distribution. Travel is based on the purpose of the travel.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenue and expenses. Management evaluates, on an ongoing basis, the estimates and assumptions based on new information. Management represents that the estimates and assumptions are reasonable in the circumstances; however, actual results could differ from those estimates.

Income Tax Status

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and reported no unrelated business income for the year ended March 31, 2026. Management represents there are no uncertain tax positions or other provision for income taxes that should be recognized in these financial statements. In addition, the Organization qualifies to receive deductible charitable contributions pursuant to Section 170(b)(1)(A)(vi).

Leases

Under the guidance of Topic 842, the Organization determines if an arrangement contains a lease at inception based on whether or not the Organization has the right to control the asset during the contract period and other facts and circumstances.

NOTES TO FINANCIAL STATEMENTS (Continued)

The Organization is the lessee in a lease contract when it obtains the right to control the asset. The right-of use (ROU) assets represent the Organization's right to use underlying assets for the lease term, and the lease liabilities represent the Organization's obligation to make lease payments arising from these leases. The ROU assets resulting from operating leases and the related liabilities are separately stated on the face of the Statement of Financial Position. ROU assets and lease liabilities reflect the present value of the future minimum lease payments over the lease term at the commencement date. ROU assets also can include adjustments related to lease payments made and/or lease incentives received at or before the commencement date. Lease terms may include options to extend or terminate the lease when it is reasonably certain that the option will be exercised. Operating lease expense is recognized on a straight-line basis over the lease term. The Organization does not currently have any material operating type leases that fall under this policy.

Finance leases are those in which ownership is transferred, or an arrangement which results in either the present value of lease payments being greater than 90% of the fair market value of the asset or lease term being greater than 75% of the estimated useful life of the asset. Finance lease ROU assets and the related liabilities are separately stated on the face of the Statement of Financial Position. The ROU asset is amortized over either the useful life of the asset or lease term, depending on the facts and circumstances of the lease. The Organization does not currently have any material financing type leases that fall under this policy.

NOTE 2 - CASH AND CASH EQUIVALENTS

The Organization maintains bank accounts at several financial institutions. Accounts at the institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Cash exceeded federally insured limits by \$396,123 as of the year ended March 31, 2026. Management represents it is not exposed to any significant credit risk on its cash balances.

NOTE 3 - FAIR VALUE MEASUREMENT

The Organization reports fair value measures of its assets and liabilities using a three-level hierarchy that prioritizes the inputs used to measure fair value. This hierarchy, established by GAAP, requires that entities maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The asset or liability's measurement within the fair value hierarchy is based on the lowest level of input that is significant to the measurement. The three levels of inputs used to measure fair value are as follows:

- *Level 1.* Quoted prices for identical assets or liabilities in active markets to which the Organization has access at the measurement date.
- *Level 2.* Inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets in markets that are not active;
 - observable inputs other than quoted prices for the asset or liability (for example, interest rates and yield curves); and
 - inputs derived principally from, or corroborated by, observable market data by correlation or by other means.
- *Level 3.* Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value if observable inputs are not available.

NOTES TO FINANCIAL STATEMENTS (Continued)

When available, the Organization measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value.

For investments – investments are carried at fair value as described in Note 4, based on quoted prices in active markets for identical assets. All are considered Level 1 observable inputs.

	Fair Value	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)
Exchange traded funds	\$ 122,837	\$ 122,837
Stocks	10,694	10,694
	<u>\$ 133,531</u>	<u>\$ 133,531</u>

Fair values approximate carrying value for all assets and current liabilities, measured on a recurring basis, at March 31, 2026. All are considered Level 1 observable inputs; the carrying amount approximates fair value because of the short maturities thereof.

NOTE 4 - INVESTMENTS

Investment income for the year ended March 31, 2026 consists of the following:

Unrealized Gain/(Loss) on Investments	\$ 11,316
Interest and Dividends	4,171
	<u>\$ 15,487</u>

NOTE 5 - AVAILABILITY AND LIQUIDITY

The following table shows the total financial assets held by the Organization and the amounts of those financial assets that could be readily made available within one year of the Statement of Financial Position date to meet general expenditures:

Financial assets at year end:	
Cash and Cash Equivalents	\$ 882,574
Investments	133,531
Contributions Receivable	103,155
Total Financial Assets	<u>\$ 1,119,260</u>
Less amounts not available to be used within one year:	
Net Assets with donor restrictions	\$ 549,192
Less net assets with purpose restrictions to be met in less than one year	(549,192)
	<u>\$ -</u>
Financial assets available to meet general expenditures over the next twelve months	<u>\$ 1,119,260</u>

The Organization strives to maintain liquid financial assets sufficient to cover 90 days of general expenditures. Excess financial assets are invested in short-term investments. The Organization is also supported by restricted contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the Organization must maintain sufficient resources to meet those responsibilities to its donors.

NOTE 6 - NET ASSETS

Net assets with donor restrictions for the year ended March 31, 2026 are as follows:

NOTES TO FINANCIAL STATEMENTS (Continued)

<u>Purpose for Restrictions</u>	<u>Amount</u>
WASH Uganda	\$ 306,345
Water Access Indonesia	242,847
	<u>\$ 549,192</u>

Net assets released from donor restrictions due to occurrence of expenditures in the amount of \$923,497 are reported on the Statement of Activities for the year ended March 31, 2026.

NOTE 7 - IN-KIND CONTRIBUTIONS

The Organization relies on in-kind contributions to conduct its fundraising activities. In-kind contributions of goods and services are reported as Contributions on the Statement of Activities and as Direct Benefit to Donors on the Statement of Functional Expenses for the year ended March 31, 2026. The Organization will not accept anything that is too difficult or expensive to administer in relation to their value. Fair market value is used to determine the value of items or services donated. \$30,548 of in-kind contributions is made up of gala items.

NOTE 8 - DEFERRED REVENUE

The following table provides information about significant changes in Deferred Revenue for the year ended March 31, 2026:

Deferred Revenue, beginning of the year	\$ 75,000
Revenue recognized that was included in Deferred Revenue at beginning of the year	75,000
Increase in Deferred Revenue in current year for services in future years	-
Deferred Revenue, end of the year	<u>\$ -</u>

NOTE 9 - SUBSEQUENT EVENTS

The Organization has evaluated subsequent events through June 15, 2026, the date on which the financial statements were available to be issued.
